MUCH SNOW IN THE NORTH SAYS COBB Bags

State Engineer Lamar Cobb, who uas been traveling in the north part of the state for the past several days in the interests of his department, re-turned to this city yesterday. Mr. Cobb reports that everything slipping along very nicely in that part of the country, and that the whole egion is blanketed in a mantle of

now about six inches deep. The work of building the new 175foot concrete bridge on the Holbrook-St. Johns highway, is progressing very satisfactorily, and the work of pour ing in the concrete has just beet started. When completed, this will be the longest single-span bridge in this state, and will be a beauty from an trelifectural standpoint. This bridge will span the Little Colorado river, and s on the Old Trails highway

Mr. Cobb also reports that four-mile strip of the roadway between St. Johns and Springerville has been made over. and is now in good shape, both state and county funds having been expended lately on the highway. On this coad the state recently finished the work of putting in two bridges, and the route from the petrified forest to the state line on the east is now said o be in tip-top condition
